DAX Editor Keyboard shortcuts

WORK FASTER AND MORE EFFICIENTLY WITH THESE CLEARLY ILLUSTRATED SHORTCUTS.

Writing DAX is hard enough. If there were some ways to make the experience a little easier wouldn't that be great?

To that end, below is a list of keyboard shortcuts you can use in the Power BI Desktop DAX Editor.

> ### !! This Only Works in Power BI Desktop
>
> The majority of shortcuts shown here only work in Power BI. The DAX Editor in Excel (for Power Pivot) behaves differently.

How To Read the List

Where keys must be pressed together, they will be shown like this

`Ctrl` + `D`
